Member Board Public Works,
FRANK HUFFMAN, of Van Wert.

French justice has finally awakened from its long sleep, and has ordered a new trial in the Dreyfus case.

Wonder if that Toledo Centennial Company have their headquarters in the Morgue? They have the appearance of a very dead institution.

The citizens of Lake township are in line for improvements. They propose to improve the Goss road by macadamizing the same. Lake township is up at the head of the procession.

A London lad has made a wonderful bicycle record. He is said to be a vegetarian and subsists largely on beets. We have heard of many business men failing on account of too many "beets."

Dewey is now on his way home. He is scheduled to stop in Chicago. Those "swelled" Chicago people will hardly be able to make a good Chicagoan of him—his head is not soft enough to swell.

The New York husband who armed himself with a rolling pin and waited for his wife to come home from lodge until two a. m. in order to properly greet her played the "new man" with a vengeance.

The county commissioners at their regular session Monday passed a resolution with reference to the salary of prosecuting attorney, that it shall be payable in monthly installments, one-twelfth of the yearly salary to be paid on the first Monday of each month. The resolution is to take effect in July.

While the various candidates and their friends in the late Republican convention were pulling every string possible for the attainment of their desires, there was a prevalent in the hearts of all, feeling that the President was entitled to the gratitude of the people and the hearty endorsement of the representatives of his party.

The Toledo Bee says that it is a fact worthy of note that Americans in general have been mispronouncing the word Cuba for years. The returned soldiers say that the first syllable does not have the Q sound, but is pronounced as if spelled "Cooba." They say it is so pronounced by every Spaniard and Cuban, or Cooban, in Cuba, or Cooba, to speak properly. This fact will no doubt be a surprise to Americans as the "Cooba" pronunciation has not heretofore been sprung.

Work at Bay View park for the improvement of that place for the Ohio Centennial is at last under way. The first pile for the revetment work was driven Wednesday morning on the northwest corner at 11:40 o'clock. There was no ceremony but a large number of persons including members of the Centennial commission, newspaper men and photographers were present to witness the driving of the first pile. The commissioners have reason to congratulate themselves that at last work on the Centennial grounds has actually commenced.

Congress having given half a million dollars for the Ohio Centennial, the State Legislature should contribute a goodly amount toward the enterprise, which should be the pride of every citizen of the State. Toledo has a great duty to perform in connection with the exposition, and those of Toledo's people who have a part in the management should not only be honest and industrious in all matters pertaining to the work, but should keep a sharp eye on all others who have a hand in the management of the Centennial in order that no scandals may be connected therewith. The "rake off" should not be a part of the management. Toledo has an excellent example in the world's fair, where the "rake off" seemed to be the first, last and most important consideration.

CHILDREN'S DAY

To be Appropriately Observed on Sunday Next.

FIRST PRESBYTERIAN CHURCH.

The First Presbyterian church will have Children's Day exercises next Sabbath, June 11th, at the usual time for morning services. A varied program has been prepared by the Sunday School and all are invited to be present. The collection goes to the State Sunday School association.

METHODIST EPISCOPAL CHURCH.

The subject of the Children's Day program next Sunday evening at the M. E. church is "Peace or War." The service will be very interesting and profitable.

No Stone Roads.

On Saturday last, June 3, a meeting of the tax payers was called at the town hall to discuss the stone road question. John Kohl was elected chairman and J. M. Brown secretary. After a general discussion of the question a motion was made and carried that the township trustees be instructed not to make a levy for stone roads. Motion was then made to adjourn and carried.

Band Excursion to Detroit.

The Tontogany band and orchestra, one of the best organizations in Northwestern Ohio, will run an excursion to Detroit and Belle Isle on Tuesday, June 20, over the C. H. & D. Excursionists will have four hours in Detroit. Train will pass Perryburg at 7:50 a. m., and the fare for the round trip will be 75cts. Children, half fare. This is an excellent opportunity to enjoy a day's outing.

Down with the Fancy Prices.

To the Public:
Remember E. R. Trombla is the only one in the undertaking business who will give you three hacks, pall bearers' wagon and preacher's rig free of charge with any casket you may select. I have as nice a line of caskets as anyone in the city, and the cheapest by one-half. All work guaranteed. Give me a call and be convinced that I do as I advertise.
Yours,
135 E. R. TROMBLA.

Electric Lights.

The Council held a special meeting on Monday and Wednesday evenings of this week for the purpose of discussing the electric light question. As yet no contract has been made with any party as the council propose to thoroughly and carefully consider every point which may arise pertaining to the system of lighting, requiring a service of all night and all dark hours.

The best quality of lights and schedule of lighting is also being carefully considered and they hope soon to have specifications ready to receive bids.

—The lovers of Every Where, Will Carleton's famous magazine, will be delighted to learn that "Josiah Allen's Wife" (Miss Marietta Holley), has joined the so-called "Every Where family," and will contribute a number of her opinions of matters and things, as they are occurring nowadays, to every issue of that paper. It is only 50 cents a year, sent to the Every Where Publishing Company, Brooklyn, N. Y.

INDIA RUBBER TREES.

Belgium Takes Action to Prevent Early Destruction of Valuable Forests in Congo Free State.

Minister Bellamy Storer reports from Belgium that in order to prevent the early destruction of the forest of india rubber trees in the Congo Free State a royal decree has been promulgated providing that for every ton of india rubber yielded each year there shall be planted during the same period not less than 150 trees or vines producing india rubber. The state officials in charge of the forests and those who hold concessions are charged with the execution of this provision. A bureau of control is charged with the preservation of the forests and the strict enforcement of the royal decree. Violators of the decree are liable to a fine up to 10,000 francs or imprisonment not exceeding six months, or both. The decree provides that all rubber shall be gathered by incisions in the bark of the trees or vines. All other methods are prohibited.

There is an interesting story in connection with the cement mill which is about to start up in Kansas. For years near Mulvane there used to be a large tract of "smoking prairie." It was good grazing ground, but during and after a rain it smoked and no one knew the cause until a stranger quietly bought the tract one day and announced that he had a fortune. The cement lies on the surface in great quantities and is worth ten dollars a barrel.

Mr. John Bevins, editor of the Press, Anthon, Iowa, says: "I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy in my family for fifteen years, have recommended it to hundreds of others, and have never known it to fail in a single instance." For sale by A. K. Champney, Druggist.

Paraffine to Prevent Mould.

Perhaps someone may have trouble in keeping jellies and jams from moulding. Paraffine has removed all trials. When your jelly is cool shave off a little of your paraffine into a cup, set on back of the stove and melt, then turn a little over top of jelly. A couple of teaspoonfuls is sufficient for a glass of jelly, care being taken to cover every particle of jelly. This is an extremely nice and economical way to care for jams and jellies. Then, too, there is no waste of the paraffine, for on removing from the jelly or jam it may be washed and laid away to be used again the following year.

The reason why the

"Detroit Vapor Stove"

IS THE BEST

Is because it is simple, the most durable of any stove and positively safe. It has no tin tubes or gas chambers. It burns the vapor directly as it comes from the supply pipe, thus affording no chance for an accumulation or escape of gas, therefore no danger of explosion.
